About Me

I love meeting new couples, learning their stories, and featuring their warmth and love in a keepsake that will last forever! I feel being relaxed and making sure the couple is having a great time is the key to awesome wedding videos. I look forward to highlighting your beautiful wedding!

Regards
Aaron Hartley

FAQ

common questions

For more FAQ, please visit www.a-sideproductions.com/FAQ

Do we receive the “Editor Friendly” RAW footage?

- Absolutely! You will receive the very best takes in its complete form.
- No copyright watermarks either!

What’s the difference between your packages?

- My packages are pretty much the same except for the a) length of time (4hr, 6hr, 8hr, 10hr+/ multi-day) and b) editing Teaser, Highlights, Feature, Openers, Closers, multicam-ceremonies, drone footage, etc. With every package you get me, a great recording of the entire day, and the “Editor Friendly” RAW footage. When you upgrade your package you also get a Highlight (10-12 min) and/or Full Feature (30-45 min).

What’s a Teaser/ Trailer Reel?

- The montages of the wedding day in my Teaser/ Trailer Reels have been completely edited to resemble music videos. I try to make them exciting and enjoyable, and each one is specifically tailored to the couple. Teaser/ Trailer Reels usually lasts 3-4 minutes because they are that long. For some examples to watch, visit my Portfolio page.

Can we meet with you before we decide to hire you?

- Absolutely! Getting to know your wedding videographer in advance is a great idea. Please get in touch with me to set up a meeting.

What's a Highlight Reel?

- Two songs are used in the Highlight Reel as opposed to one. This is wonderful for several reasons. The extra time will allow me to include more of the day's best events, such as your vows and the toasts. Additionally, it's great because each half of the video can have a different vibe. For the pre-ceremony and ceremony, I frequently start with a more emotional song before switching to a faster, happier song for the reception and party. Usually, it lasts 6 to 8 minutes.

How far do you travel to shoot weddings?

- I shoot weddings throughout the greater North Eastern United States. I'll drive within a 1 ½ hour radius of Boston, MA. This allows coverage in Massachusetts, New Hampshire, Vermont, Rhode Island, Maine, and Connecticut. Over 2-hours, an additional transportation fee will be added. Over 4-hours, lodging, meals, and a transportation fee is required.
